WELCOME

At Crowned Free, we are committed to raising awareness, empowering survivors by shining a light on the injustice of human trafficking, choosing ethical sourcing for our products, and financially supporting anti-trafficking organizations both locally and globally.

We take special care to ensure that all of our products are ethically made. This means that workers are paid a fair wage and have safe working conditions. This matters to us because when there are safe and sustainable jobs available, more people are given opportunities for a future outside of forced labor and prostitution.

We also provide employment for survivors of human trafficking. Survivors make over half of our products. We work with organizations we personally have connections with who have fair labor practices. That's of utmost importance to us! Our products are made in the US, Vietnam, Indonesia, India, South Africa, Asia, Sri Lanka, and other countries around the world. We work primarily with small artisan groups who create our products for us. We also started a program with survivors in our home town of Grand Rapids, MI who make our candles.
